MOD. MA-150U-5 5"
MA-150U-6 6"

Straight Knife Cloth Cutting Machines

Features:

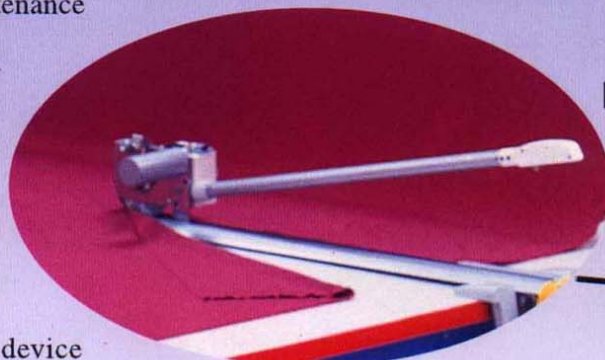

- Compact and versatile for all kinds of fabrics.
- Lightweight and easy operation.
- Scientifically and ergonomically balanced over standard for more stability in cutting.
- Most powerful motor of its kind. Eliminates need to slow down in tough material or while cutting tight curves.
- Steamlined base plate reduces friction and distortion in the lay.
- Automatic belt sharpener-consistent top to bottom sharpening
- Automatic oil system

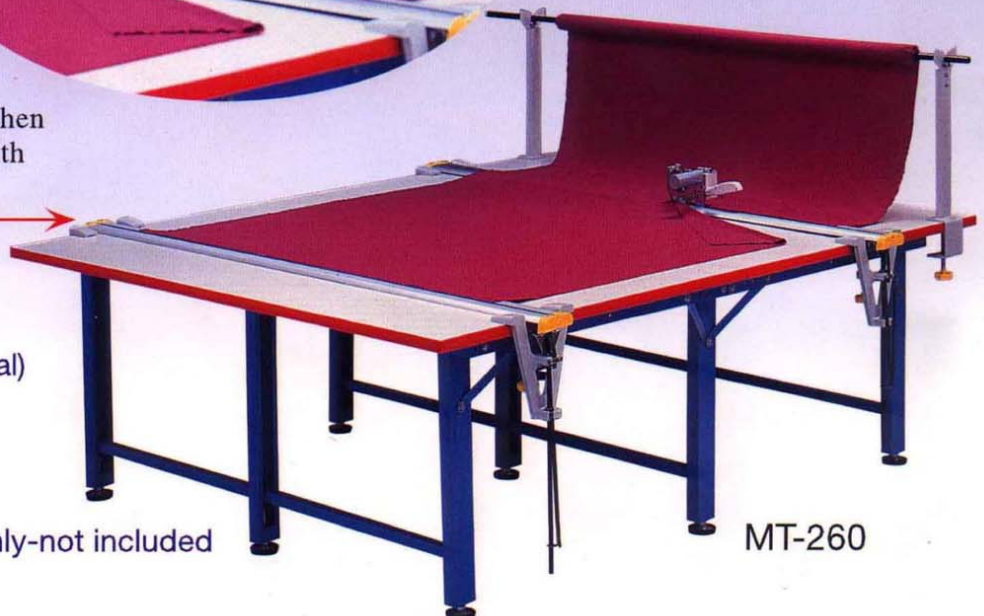

MOD. MT-260 / MT-260L

Short handle end cutter
Long handle end cutter

- Blade size: 110mm diameter. Cutting capacity: 12mm in thickness.
- Self-adjusting counter blade gives finest and accurate cutting at all times.
- High torque and low maintenance motor.
- Totally enclosed safety guard.
- Super alloy tool steel (SKS3) blade lasts longer than others. (2.5 to 3 times)
- Fabric stack height: 200mm(8").
- Special oil lubricating device eliminates fusing of fabric when cutting, and gives the blade with longer service.

MT-260L

mod. CP-109 cloth press (optional)

N.B. Table for demonstration only-not included

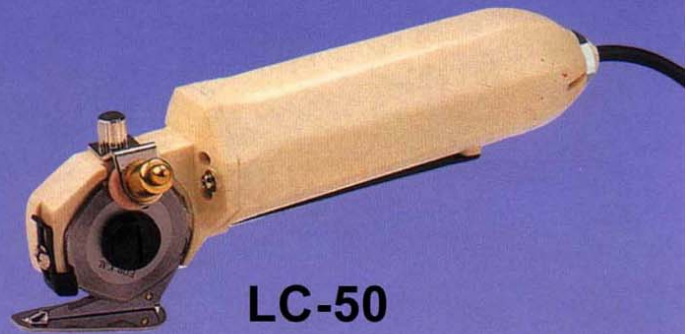

MT-260

mod. LC-50

Round Knife Mini Cutter (50mm or 2")

Features:

- High torque motor has more power than any other hand held cutter of its size (cuts the heaviest materials with ease).
- Squeeze type switch incorporated into comfortable grip helps eliminate operator fatigue.
- Simple pushbutton sharpener.
- Heptagonal blade rotating against carbide tipped counter knife with scissor action strokes prevents fabric from slipping and ensures continuous sharpness and clean cuts on all fabrics.
- Can cut intricate curves without a snag...synthetics without fusing... single plies and slippery materials without pulling or distorting.

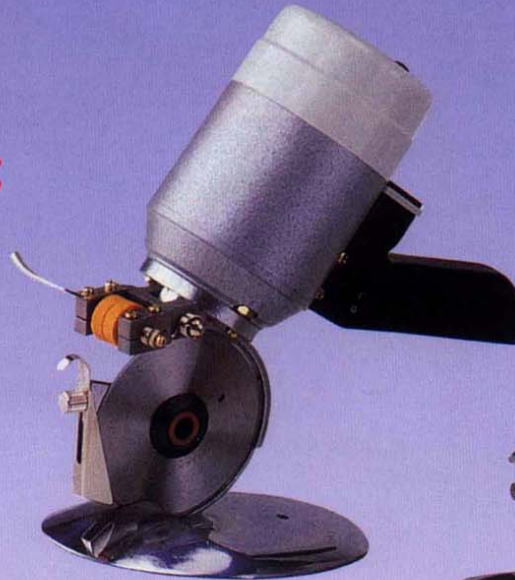

LC-50

mod. LC-90 mod. LC-90C

*with counter knife
Round Knife Cloth Cutter
(90mm or 3 1/2")*

Features:

- Lightweight-only 2 kgs (4 lbs 10 oz)
- Cuts all types of fabrics singly or in multiple plies
- Balanced handle for one-hand use
- Finger guard
- Built-in sharpener
- Smooth roller for effortless operation
- Steamlined thin base plate reduces friction and distortion in the lay and makes it possible to cut single ply accurately.

LC-90

LC-90C

mod. LC-110

*Round Knife Cloth Cutter
(110mm or 4 1/4")*

Features:

- This lightweight machine can handle a complete range of materials-from light to hard.
- 4-sided blade cuts with fast scissor-like action and can cut synthetics without fusing...single plies and slippery materials without Pulling or distorting.

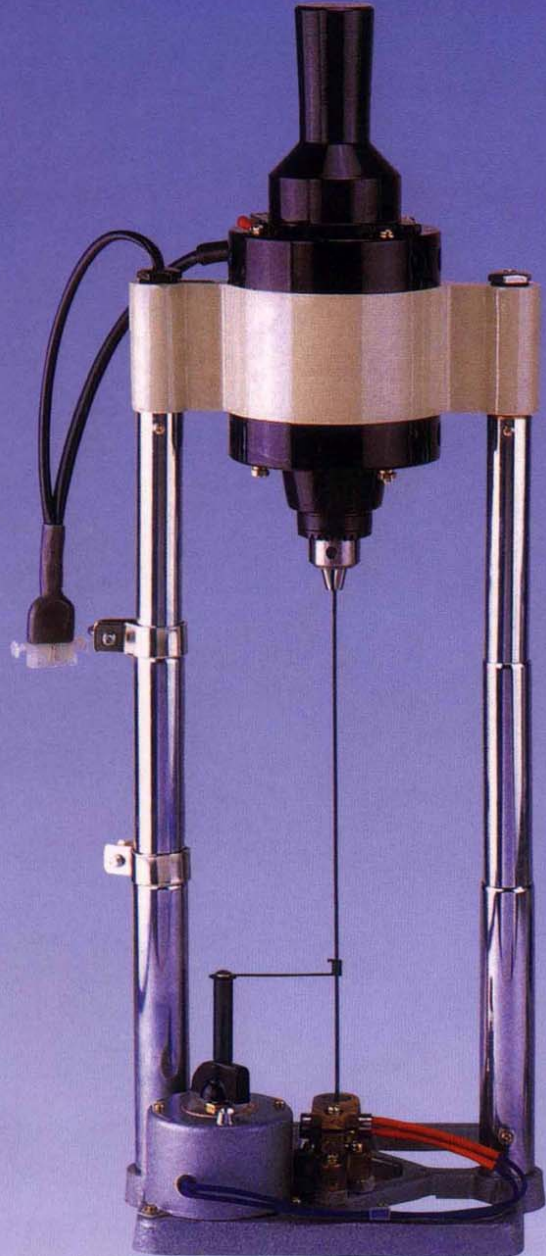

LC-110

mod. SM-201L

*Cloth marking drill with heating
attach. horizontal level*

The drill's low profile design and telescopic drive shaft allow accurate drilling straight down through high lays of all types of material. The powerful motor (1/6 HP) is built to provide many years of trouble-free operation. This drill model SM-201L is available in 160mm max, drilling capacity with 2 diameters (Needles). The model SM-201L comes equipped with a needle heating attachment complete with a solid state control.

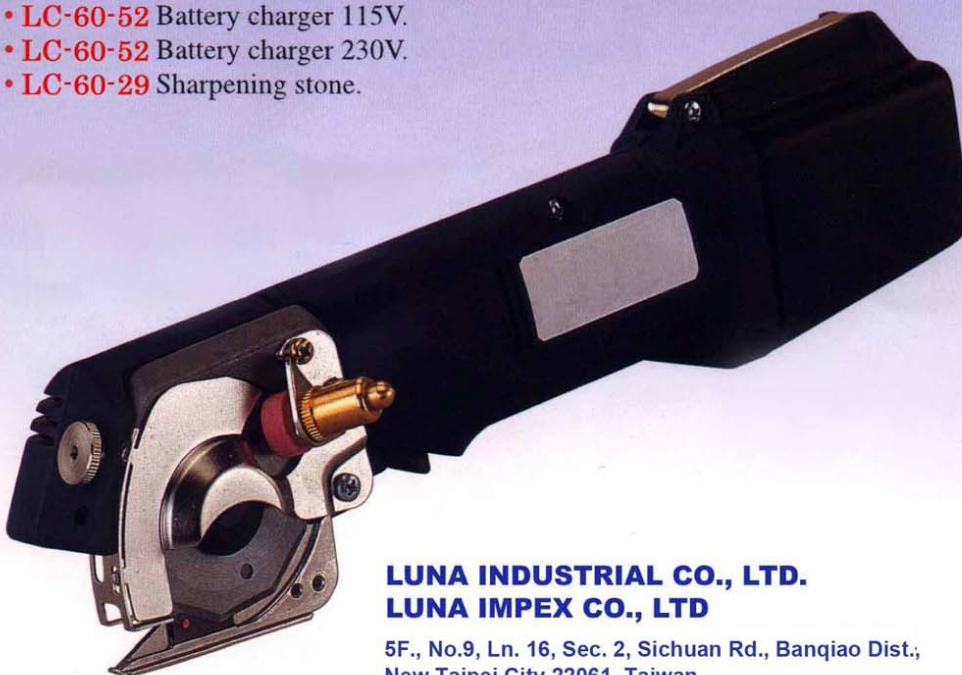

**Portable Cordless Electric Shear
(60mm Round Knife Cutter)**

mod. LC-60

Complete with heavy duty NiCad Battery Pack and temperature controlled Quick Charge Charger

Separate Parts Available:

- **LC-60-24** 10-sided round knife 60mm (2-5 /16") dia. (60 mm)
- **LC-60-18** Counter knife (carbide tipped) assembly.
- **LC-60-51** Nicad battery pack (9.6 VDC).
- **LC-60-52** Battery charger 115V.
- **LC-60-52** Battery charger 230V.
- **LC-60-29** Sharpening stone.
